

FOCUS Beyond

Web-based Computer Relationship Management

CRM

FOCUS Beyond is a Web-based Contact Management Program designed to track contacts, sales, communications and other client information. The program provides a paperless office by eliminating manual tracking of your contacts. **FOCUS Beyond** is an extremely user friendly program.

NO INSTALLATION IS REQUIRED

Built in Modules:

- ☑ Contact Management Maintenance.
- ☑ Customer Quotations preparation.
- ☑ Convert Quotations to Work Orders and finally Invoices.
- ☑ Call Tracking, Provides you a running history of your prospects, clients, suppliers, etc.
- ☑ Meetings, Recall and Action scheduling.

A typical contact is defined by name, title, address, phone, fax, pager, e-mail, Internet address, etc. **FOCUS Beyond** is a professional level Contact Management program that gives you quick, easy access to Contact information while allowing you to customize the data you track and list. Virtually any combination of fields can be listed, sorted or used to search for a Contact Record.

Unlike most other contact management program, **FOCUS Beyond** does not require any installation. You can run this program from any PC, anywhere in the world.

You do not need to invest in any additional costly hardware or software. **The only requirement is to have an internet access and you are ready to use the program.**
